Information About The Service

What is the Service?

GoFi / Aussie Broadband's NBN broadband service uses NBNCo infrastructure (eg, fibre to the premises, HFH, fibre to the curb or fibre to the node) to deliver broadband to your premises. This service provides typical busy period download speeds of 86Mbps for fixed line services. Plans above 250/100Mbps will be shaped to 250Mbps down between 6pm and 12am.

Excess Usage

There are no excess usage charges

Set-up Fee

There is no set-up fee for this service.

Equipment Fees

This service requires an NBN-ready router. The Draytek Vigor2133Vac router cost is \$495, and the Draytek AP912C Wireless Access Extender is \$395 if required. An additional Draytek Vigor130 is required for all FTTN connections.

Other Possible Costs

You can change your plan at any time for no fee. If upgrading your plan before the end of your monthly billing cycle, you will need to pay the difference between your current plan and the new plan. If you wish to downgrade

Other Information
